

TECHNICAL DATA

Product : Jakin Elements

Design : Abad diseño

Technical data :

JAKIN offers the possibility to build up almost endless modules by combining the different elements of the program. Heights, depths & finishings.
It also allows to build up compositions by joining two or more units and adding an endside upright.

All displayed modules have rear panel.
All drawers marked with (A) will have filing.

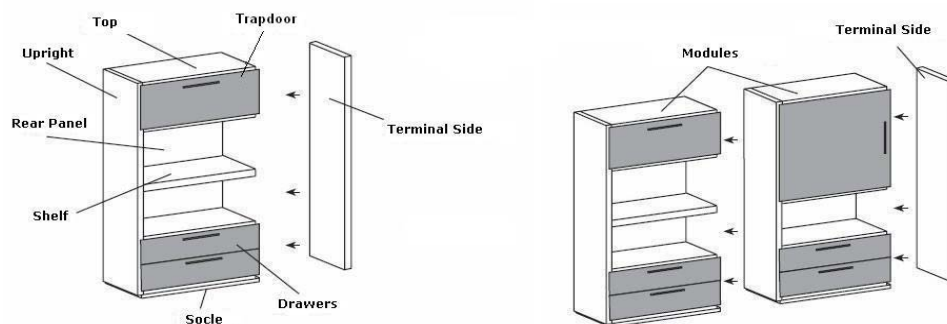

- F/30** : Depth 30-real size is 325mm.
- F/45** : Depth 45-real size is 475mm.
- F/60** : Depth 60-real size is 625mm.

In order to figure up the total width, upright's thickness has to be considered.

- Module 45cm width** : Actual dimension 482mm + 31 upright's thickness.
- Module 60cm width** : Actual dimension 632mm + 31 upright's thickness.
- Module 75cm width** : Actual dimension 782mm + 31 upright's thickness.
- Module 90cm width** : Actual dimension 932mm + 31 upright's thickness.

All interior shelves are in wood except those of modules J12-2 and J8-2, which are metal ones.

Within the same module, different finishings can be requested for:
.- Frame(High-low-socle-shelves-rear panels-uprights).
.- Fronts.
