SLAM Lounge

SLAM Beam

AERO Bench

FAST Table

SLAM Lounge

SLAM Lounge chair series comes to join the successful family of SLAM Chairs and Beam Seatings. This program introduces two versions: SLAM Lounge sled chair and SLAM Lounge on pyramidal base, both ideal to be placed in waiting zones, while it keeps the same aesthetic than SLAM Chair and provides a more comfortable and relax version.

Design
Lievore Altherr Molina

SLAM Beam

While keeping the same track than Slam Chair, the seating beam has a full painted aluminium frame and legs, combining extrusion and injected aluminium which gives the impression as if the shells would be 'floating' in the air. Due to its design concept, it can be endless long.

Awards:

- Best of Neocon – Editor's Choice , Chicago 2013

Design

Lievore Altherr Molina

AERO Bench

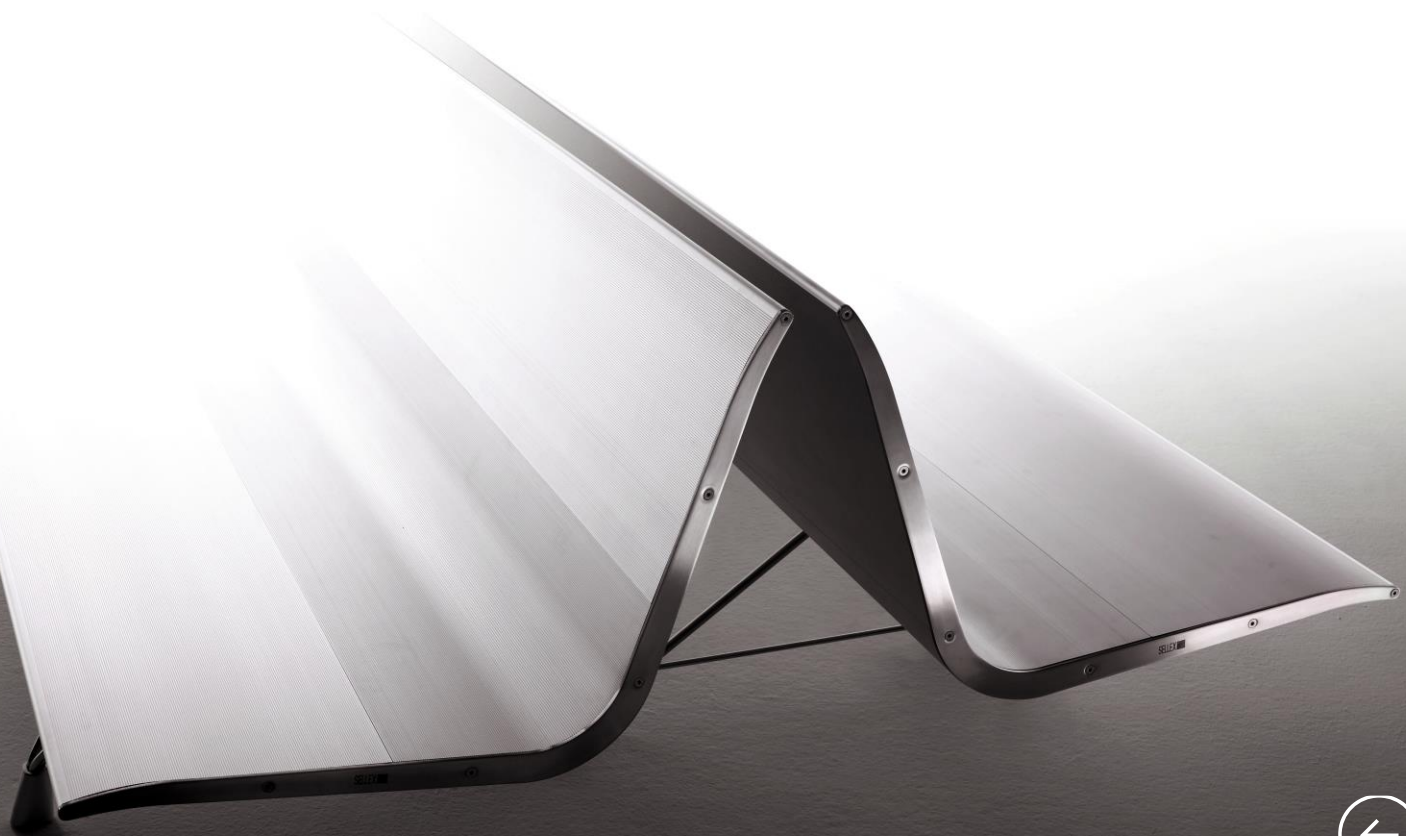

AERO is the happy outcome of a combination of minimalism, lightness, elegance, comfort and sturdiness. All this based on grooved aluminium profiles recalling an aircraft' swing. The materials used in its construction, aluminium and stainless steel, make AERO suitable both for indoors and outdoors purposes.

Awards:

- SIDI Selection XXI century First Prize, in the Contract category
- AEPD First Prize 2004
- IF Gold Award, Hannover 2004
- Gold Award Neocon, Chicago 2003
- Best of Neocon's Competition, Chicago 2003
- Delta de Oro ADI-FAD 2003
- Excellence of Product en Spectrum, Londres 2002

Design
Lievore Altherr Molina

FAST Table

The FAST Table, better to call it FAST System, is knock-down, stackable and gives way to a variety of compositions according to the required purpose, with different tops by using a unique frame. Besides, it allows to link the tops in order to get spaces devoted to seminars, meetings, and so on.

Awards:

- Best of NeoCon-Innovaton Award, Chicago 2012
- ADCV 2009 Gold award
- ADI-FAD 2009 Selection

Design
Carlos Tiscar
