

## PLANC: MAIN FEATURES AND USP's

**PLANC** is a Hospitality Table collection designed by Lievore Altherr Molina, composed by tables of different dimensions, heights and the possibility of using different top materials.

The main **USP's** of PLANC are:

- **Complete collection:** the system allows combining different heights, shapes and dimensions (square, rectangular and circular...).
- **Indoor and Outdoor use:** it can be used both in interior and exterior spaces.

### Materials:

- Frame: structure in coated steel.
- Top: Compact or Glass.

### Models:

- Legs of different heights (72 cm or 110 cm) can be combined with different tops.
- Tops can be rectangular, square or round in different dimensions.

**Spaces** where fits perfectly:

- **Hotels:** multipurpose rooms that host wedding, banquets, conferences, exams...
- **Offices:** rest areas, dining rooms...
- **Congress Halls**
- **Coworking spaces.**
